

Fax broadcast – one fax, many recipients

*No monthly fees,
easy to handle*

A fax arrives – without spam filters, without the risk of viruses and almost unrivaled!

Regardless of whether there are 100 or 100,000 recipients: your information reaches all recipients in no time. Simple, clear and unchanged. You can start the delivery yourself **around the clock** – simply **at the push of a button via the Internet**. Send via GTC's own redundant network of high-performance servers - **with many features**.

No time? No problem: we will take care of everything for you! Just call or email!
Our friendly customer service will be pleased to help you!
